

Amendment to the Drawings:

The attached sheets of drawings include changes to Fig. 2 and Fig 4. Page 1 which includes Fig. 1 and Fig. 2 replaces the original page including Fig. 1 and Fig 2. Page 3 which includes Fig.4, replaces the original page including Fig.4. In page 1, Fig. 2, the lumbar support is highlighted as the main contact point and previously omitted section 3 is added. In page 3, Fig. 4, support device 1 is raised to be more clearly defined.

REMARKS/ARGUMENTS

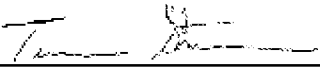

In the specification, the abstract along with paragraphs [0014], [0026], [0027], [0028], [0029] and [0031] have been amended to better define the details outlined in the claims of this application.

Amended Claims 1-10 have been canceled. Claims 11 have been added as new.

In amended Fig. 2, the lumbar support is highlighted as the main contact point and previously omitted section 3 is added. In Fig. 4, support device 1 is raised to be more clearly defined.

The examiner has acknowledge claims 1-10 as being unpatentable under 35 U.S.C 102(b). Claims 11 have been added as new to more clearly define the subject matter of this invention.

Respectfully submitted,
